Curfew Is Discussed In Pahokee

PAHOKEE — Curfew may well ring here for teenagers if discussions Monday night by City Council come to fruition in the form of a new ordinance updating for whom the bell tolls.

The present revised ordinance says 16-year-olds and younger have to be off the streets by 9 p. m.

Council, appearing quite aware that juvenile speedsters and cainraisers have been allowed to run untrammelled until the wee hours, decided to study the old ordinance with a view to bringing it up to date in the matter of curfew hours and ages.

Further action is expected at next meeting.

Councilman R. B. Simonson, James Harry Wilkinson, jr., Blanche Armstrong, and George H. Tucker, jr. meanwhile voted to adopt a new ordinance enabling police to move parked vehicles off city streets in cases of abandonment.

City finances are in their usual summer doldrums, but the city hopes to pay another installment on the Chamber of Commerce advertising budget next month, and will make pro-

CAMERA REPORT: Public Hearing

WHITE CASE DECISION DUE

SOUTH BAY — City Council is due to make a decision in the case of Suspended Police Chief R. C. White tonight, after a five and a half hour hearing Monday which took the form of a game of ring-around-the-legals.

Attorney Ralph O. Johnson, for the complainant J. C. Stokes, and Attorney Jordan Johnson, for the accused police officer, were to file briefs with Council today, for consideration before the decision.

South Bay City Attorney Claude Jones indicated this week that he might ask that the final session on the matter be put over until he has a chance to study the brief fully.

Legal Hassles

Monday night's session, which began at 7 p.m. and went without recess until 12:20 a.m. Tuesday, lingered because of incurring legal hassles between the three attorneys.

The testimony of several of Attorney Ralph Johnson's witnesses, including that of Sheriff Ralph Gunn, of Randolph County, Ala., was stricken from the record after Councilmen took the objections of the defense attorney and the advice of the city attorney and ruled that Chief White was on vacation and not on duty when Sheriff Gunn located the missing 14-year-old Stokes girl with White and his family in Wedowee, Ala.

The six-count complaint filed by Stokes against White, includes charges of failure to comply with the family's requests to locate the girl, concealment of the girl, contributing to her delinquency, failure to account for certain city appearance bond monies, absence from duty, and duty while under the influence of alcohol.

Jordan Johnson objected to the testimony of nearly every one of the witnesses introduced by Ralph Johnson as "irrelevant and incompetent" insofar as related to the reason for the chief's suspension—gross neglect of duty.

Parents, Girl Talk

The girl's father and mother both testified, as did the girl herself. When Ralph Johnson, who introduced her as a hostile witness, attempted to bring forward an earlier statement the girl had made, in conflict with her Monday night's denials and refusals to answer, the defense attorney's objections were again sustained.

Mrs. Mary Waters took the stand to testify that she had frequently seen White when he appeared to be under the influence.

(Continued On Page 8)

AT SOUTH BAY hearing on R. C. White suspension Monday night, Complainant J. C. Stokes waits to take stand. His attorney, Ralph O. Johnson, is in right foreground.

SUSPENDED Chief White sits quietly listening. Police Commissioner F. W. Kelley testified as to White's vacation.

RESIDENTS crowded City Hall, stayed on as the hour grew later. (see clock: 10:55)

Appraisal Budgeted In B.G.

BELLE GLADE — Funds for reappraisal and revaluation of Belle Glade real and personal property will be put in the forthcoming 1956 city budget, City Commission voted Wednesday night.

The last complete appraisal in the city was in 1948, and since that time market value and costs of building have increased greatly, commissioners were informed.

After hearing a report by Warren P. Hunnicutt of Hunnicutt & Associates that the maximum cost of reappraisal would be \$10,000, but probably would be less, Mayor Walter Ashley said that under the 1948 valuation he thought the city was losing more revenue annually than the appraisal would cost.

Commissioners Ashley, Z. T. Ingram, Eugene Ellis, and H. O. Carlton approved the latter's motion that reappraisal funds be included in the budget, the contract to be negotiated later.

Bond Issue Planned

A second major item approved was the acceptance of the Belle Glade recreation committee.

Pre-School Starts On Aug. 23

PAHOKEE — Pre-school conference for Pahokee teachers will start here Aug. 22, according to Principal C. A. Canipe. There will be countywide conferences and work in the local school for eight days, through Aug. 31. School registration, for all grades, will be Thursday, Sept. 1.

Football practice will start this Monday at 4 p.m. All boys interested in football should report at that time at the high school field, according to Canipe.

Herbert Miller has been transferred to the high school at Lake Worth. Donald Robinson, graduate of the University of Florida, has been appointed to fill the vacancy in the science department here. Mrs. Ruth Nelson has resigned as librarian and Miss Barbara Myatt will fill that position. Miss Myatt has been working on her master's degree in library science at Florida State University this summer.

There is only one teaching vacancy left in the Pahokee school, for a fourth grade teacher, Canipe said.

WASHINGTON
NEWSLETTER

By Sen. George Smathers

WASHINGTON—The roll has been called for the last time and Congress has adjourned for another year. After working until the wee, small hours of the night, with frantic last minute business to take care of, unexpected committee meetings called, informal hurried hearings taking place, and the usual thousand of finishing-up details to be worked out, Capitol Hill has begun to take on an unusual quietness called "adjournment pace."

Much domestic legislative work remains to be done when Congress convenes next January. Some of these matters are the federal aid to highway program which has been held up due to an inability to agree as to how it should be financed. Federal aid for school construction is bogged down in both Senate and House committees. Social Security legislation was passed by the House too late for the Senate to take any action on it.

Although the above and other matters were held over—still this session has accomplished a great deal. The "cold war" which was predicted between the President and Congress did not materialize. . . . and Lyndon Johnson, our very fine and capable Senate majority leader, goes much credit for the turnabout of this prediction. Senator

Walter George, Chairman of the Foreign Relations Committee, is to be greatly commended for the part he played in easing world tensions . . . for it was he who was responsible for the meeting "at the summit." He deserves double credit in fact, for it was by his suggestion that the meeting with Red China is now taking place; and through this meeting . . . the wonderful news of the release of the 11 American flyers and the hope of the other Americans being released. Also in the foreign relations field, along with the Formosa Resolution and the Paris Pacts there were some 30 other treaties signed, all of which were designed to improve and strengthen our position throughout the world.

CHURCH OF CHRIST
STARTED IN PAHOKEE

The first services of the Pahokee Church of Christ will be held Sunday. As the work of church in Pahokee begins, nine members will make up the congregation. Services will be held in the Woman's Club building on SE First St. at Barfield Hwy.

The morning worship hour will be scheduled at 10 a. m., the evening worship hour at 6 p. m., and mid-week Bible study at 7 p. m. on Thursdays. Mac Lynn, evangelist at the Church of Christ in Belle Glade, will be preaching at the Sunday services. Visitors are cordially invited to all services.

Rev. Mr. Houglin Speaks

Guest speaker at the regular monthly meeting of Belle Glade Community Methodist Church group of Methodist Men was Rev. A. D. Houglin, pastor of the Methodist Church in Pahokee.

BY SCHATZI

(ED. NOTE: Everybody's favorite dog columnist, Schatz, this week was stricken by Ennui. This complaint, not uncommon during dog days, is being treated by use of the latest, most up-to-date steak bones. Schatz is expected back on the job next week.)

Rev. Mr. Boyd
To Pahokee

Rev. James E. Boyd, of Tallapoosa, Ga., has been named as new minister of Pahokee First Baptist Church, and will arrive with his wife and three children the first of next week.

Rev. Mr. Boyd comes from First Baptist Church in Tallapoosa, and has just recently returned from London, England, where he attended the World Alliance meeting. While abroad he also toured the Holy Land.

The local church has been without a pastor since last September. J. L. Merrell has been in charge of the services during that time. Mrs. H. L. Speer, chairman of the social committee at the church, said plans are being completed for a party to welcome the new minister and his family on Sunday, Aug. 21 at 4 p. m. at the Woman's Club building.

All members and friends of the church are invited to attend. The committee who will assist Mrs. Speer are Mrs. Wiley Tillis, Mrs. F. G. Gillis, Mrs. C. A. Batchelor, Mrs. W. A. Stevens, Mrs. W. H. Key, Mrs. J. C. Mock and Mrs. Sadie Barwick.

FIRST CHURCH OF CHRIST,
SCIENTIST, Belle Glade
CHRISTIAN SCIENCE GROUP,
Canal Point

God's inexhaustible goodness and abundance will be brought out in the Lesson-Sermon entitled "Soul" which will be read in Christian Science Churches on Sunday.

Bible passages will include the admonition of Christ Jesus with regard to man's sustenance: "And seek not ye what ye shall eat, or what ye shall drink, neither be ye of doubtful mind. For all these things do the nations of the world seek after: and your Father knoweth that ye have need of these things. But rather seek ye the kingdom of God; and all these things shall be added unto you" (Luke 12:29-31).

Also emphasizing the importance of looking to Soul, God, rather than to mammon for happiness, a correlative passage to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (60:29-31): "Soul has infinite resources with which to bless mankind, and happiness would be more readily attained and would be more secure in our keeping, if sought in Soul."

At historic old Bulow Sugar Mill near Flagler Beach and Bunnell the old boat slip can be plainly seen. It was dug over 130 years ago.

From where I sit... by Joe Marsh

"Light" Snack For Ducks

Coming back from Balesville the other night I noticed a powerful light at Whitey Fisher's Duck Farm. Seemed to be shining out over the water.

I stopped to ask Whitey what went on. He took me down to his pond and pointed out a 200-watt bulb—rigged up on a pole about three feet above the surface. The light was attracting thousands of insects for the ducks to eat.

Seemed kind of odd to me—but Whitey was enthusiastic. "Best idea I ever heard of," he claims. "Keeps the feed bill down—and

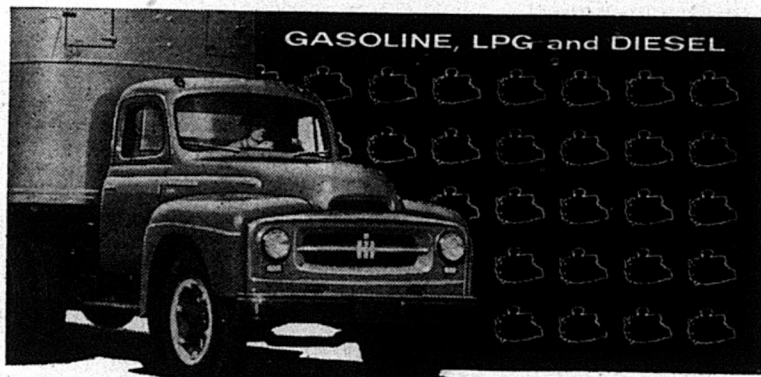

the bug population, too. Why do you suppose I never thought of it before?"

From where I sit, Whitey's the type who's always ready to pioneer a worth-while new trick. Me, I stick to old methods. Just a case of personal feeling, I guess... like the way you may prefer coffee with meals while I always prefer a traditional glass of beer. Not that I'd claim you're wrong—respect for the other man's opinion is my "guiding light."

FPL's cash contribution of \$7,500 has brought the fund to slightly over \$37,000 in money and pledges. Finance Committee woman Edwina Young told the Lions. Fund Chairman Eugene Ellis discussed the overall picture of the pool campaign and Miss Sara Lee Creech the plans.

A movie benefit at the Hugo Theatre and a fund-raising Jaycee dance are two plans in the works to help the fund campaign, the Lions were told.
